Institution Unique Graduation Requirements:									
24 semester/credit hours must be taken at Empire State College, 32 credits must be liberal studies, and up to 40 can be transferred from other sources (college transfer, military credit, national testing). Students will work with an Empire State College academic mentor to determine liberal studies/concentration courses and develop their degree plan. Required concentration areas/courses will vary depending on the student's focus.									
Credit By Evaluation (CBE):									
Allows students to gain college credit for their learning through life experience and enables students to include learning they have gained outside the classroom in their degree program. CBE cannot be determined prior to enrollment so it is not included in this template. Once enrolled, students can speak to their advisor about taking advantage of this process.
